

# Shear\$marker

prepare your clip for more profit

## Shearer training 2010

Joe Sullivan

# What have you seen today?

- A good shearing team
- A good woolhandling team
- Hard to find?

# What is our vision?

- Collective vision
- Better recognition for those in harvesting – attraction and retention are vital
- Focus on shearers *and* wool handlers to improve clip preparation

# Skilled and talented trainers pass on their skills

- This is key
- Role of the Consistency Training Workshops

# Appropriate and focussed resources that refine skills

- The DVDs:
  - Novice; Improver; Wool handler; Crutching technique; Wool industry work outs; Experting and grinding
- Future resources

# Skilled wool handler program

## Four pillars of wool handling

- Methodology of training to help trainers be more effective when delivering training
- Key elements work together:
  - Focus on clip preparation
  - Enhance working relationship with wool classer
